

WHMIS MATERIAL SAFETY DATA SHEET

SECTION 1 - Product Identification and Use		Date : 30 November, 2000
Product identifier : BELZONA® 9411 (RELEASE AGENT) - NEW FORMULATION		PIN/UN No : 3082
Product use : Repair and Reclamation		WHMIS classification : D2B
Manufacturer's name & address : BELZONA POLYMERICS Ltd., Claro Road, Harrogate, Yorkshire, HG1 4AY, United Kingdom. Emergency telephone number : U.K. -44-1423-503218	Supplier's name & address : BELZONA Inc., 2000 N.W. 88 Court, America's Gateway Park, Miami, Florida 33172, United States.	Supplier's emergency telephone numbers : (Spill, Leak, Fire, Exposure or Accident) 800 424 9300 - Toll free in Canada 202 483 7616 Information telephone number : 305 594 4994 - Working hours only

SECTION 2 - Hazardous Ingredients				
Hazardous Ingredients	Approximate Concentration	CAS Numbers	Exposure Limits	LD ₅₀ /LC ₅₀ Species and Route
Trans-Dichloroethylene	10-30%	156-60-5	ACGIH TLV (TWA) 200 ppm	Oral LD₅₀ 1235 mg/kg (rat) IHL LC₅₀ 24100 ppm (rat)
Naphtha (Petroleum) hydrodesulfurized, heavy	30-60%	64742-82-1	600 mg/m³ (TWA) supplier recommendation	Not available

SECTION 3 - Physical Data		
Physical state : Liquid	Appearance/Odour : White/solvent	Odour threshold(ppm) : Not available
Vapour pressure (mm Hg) : ~450 @ 20°C	Vapour density (Air = 1) : ~4.8	Boiling point (°C) : ~42
pH : Not applicable	Specific gravity : 1.00	Coefficient water/oil : Not available
Freezing point (°C) : Not applicable	Solubility in water (20°C) : Slight	Evaporation rate (relative to n-Butyl Acetate) : Greater

SECTION 4 - Fire and Explosion Data		
Flammability :	Not flammable but combustible	
If yes, under which conditions :		
Means of extinction :	Use: sand, alcohol resistant foam, carbon dioxide, chemical powder, water fog for larger fires. Do NOT use water jet.	
Special procedures :	Wear protective clothing and breathing apparatus. Use sand to contain burning materials.	
Flash point and method : Will not flash	Explosion limits (% by volume) : Lower : Not available Upper : Not available	Autoignition temp (°C) : Not applicable
Hazardous combustion products : Gaseous combinations of carbon, hydrogen, oxygen, fluorine and chlorine		
Explosion data - Sensitivity to impact : Not available	Explosion data - Sensitivity to static discharge : Not available	

SECTION 5 - Reactivity Data	
Chemical stability :	Yes
If no, under which conditions :	
Incompatibility to other substances : If yes, which ones :	Yes Keep away from oxidising agents and strongly alkaline materials to prevent the possibility of exothermic reaction.
Reactivity and under what conditions :	See above
Hazardous decomposition products :	See hazardous combustion products above

Product identifier : **BELZONA® 9411 (RELEASE AGENT) - NEW FORMULATION**

SECTION 6 - Toxicological Properties of Product

Route of entry :

Skin contact : ✓ Skin absorption : Eye contact : ✓ Inhalation acute : ✓ Inhalation chronic : Ingestion : ✓

Effects of acute exposure to product : **Harmful by inhalation. Inhalation of vapours may cause nausea, dizziness, drowsiness or, in extreme cases, unconsciousness. Harmful, may cause lung damage if swallowed.**

Effects of chronic exposure to product : **None known.**

LD₅₀ of product (species and route) :
Not available

Irritancy of product : **Repeated exposure may cause skin dryness and cracking. Irritating to eyes and respiratory system.**

Exposure limits of product :
See Section 2

LC₅₀ of product (species and route) :
Not available

Sensitization to product :
Not available

Synergistic materials :
Not available

Carcinogenicity : **N.av***

Reproductive effects : **N.av***

Teratogenicity : **N.av***

Mutagenicity : **N.av***

*** Not available for the mixture, however, available information on the individual components does not indicate any chronic exposure hazard other than that stated above.**

SECTION 7 - Preventative Measures

Personal protective equipment :

Gloves :
Impermeable Nitrile or Neoprene or PVA

Eye :
Goggles/faceshield

Footwear :
Safety shoes

Respiratory (protection required if exposure > TLV) :
Face mask with organic vapour canister

Clothing :
Overalls

Other :

Engineering controls : **Where adequate natural ventilation is not available provide suitable local exhaust ventilation.**

Leak and spill procedures : **Contain with an inert material (e.g. earth or sand). Sweep up and place into suitable covered, labelled containers. Flush area with detergent/water.**

Waste disposal : **In accordance with Federal, Provincial and Local Regulations.**

Handling procedures : **Avoid contact with skin and eyes. Do not breathe the vapours.**

Storage requirements : **Keep in a cool, well ventilated place, in the original containers.**

SECTION 8 - First Aid Measures

Skin : **After contact with skin, wash immediately with plenty of soap and water.**

Eye : **In case of contact with eyes, rinse immediately with plenty of water and seek medical advice if any irritation persists.**

Inhalation : **If symptoms are experienced, remove source of contamination or move victim to fresh air. Obtain medical attention immediately if recovery is delayed.**

Ingestion : **Do not induce vomiting. Immediately rinse the mouth with water. Drink plenty of water (1 pint/600 mls). Seek medical attention promptly.**

General advice : **When using do not eat, drink or smoke. Take off immediately all contaminated clothing and launder before reuse. Wash hands thoroughly after handling this product.**

SECTION 9 - Preparation Date of MSDS
